IPL Acne Treatment.....	From \$100

Our philosophy is 'the journey of great skin begins from the inside out'. Working on a holistic, multi-dimensional approach to skin-care that includes inner health and wellbeing, our two advanced skin therapists begin with a comprehensive consultation - taking lifestyle, sleep, diet and stress into consideration, before focusing on advanced analysis and correction. We will identify your skin concerns and establish the cause and its effect on the skin cells and systems.

We understand the unique needs of every client, which is why we use revolutionary products like Dermaiduals®, which allows us to offer a truly bespoke skin-care system with serums and products blended for your individual skin needs and NZ made Bestow® products, which are full of EFA's, vitamins and antioxidants to boost the health and appearance of your skin from within.
